Wood to Concrete

Steel sheet to Concrete

Wood to Steel sheet

Steel to Steel

Accessories

Features:

- Cordless operation with more freedom
- Removable magazine for easy jamming clearing
- Easy air filter maintenance
- Easy check valve maintenance available for option
- Low battery & overheating indicating available for option
- Anti-dry fire mechanism
- Powerful with light weight

Stick Nails

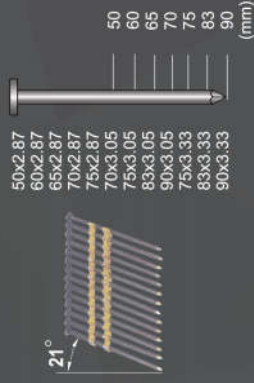

| Head | Full Head |
|----------------|-----------|
| Collation Type | Plastic |
| Length | 15~40mm |
| Shank Diameter | 2.5~3.0mm |

GFN2190/GBW120

PRODUCT INTRODUCE

GFN2190

Features

- Cordless operation with more freedom
- Adjustable depth control
- Easy air filter maintenance
- Easy check valve maintenance available for option
- Low battery & overheating indicating available for option
- Anti-dry fire mechanism
- Powerful with light weight

Full Round Nails

| | |
|-----------------|-------------|
| Collation Angle | 21° |
| Collation Type | Plastic |
| Length | 50-90mm |
| Shank Diameter | 2.87-3.33mm |

| Model | Angle | Magazine Capacity | Fuel Rod Life | Battery Life | Speed |
|---------|-------|-------------------|---------------|-----------------------|--|
| GFN2190 | 21° | 35 | 1200 nails | 4000 nails per charge | 2-3 nails per second, no more than 1200 nails / hour or 5000 nails / day |

Features

- Cordless operation with more freedom
- Easy air filter maintenance
- Easy check valve maintenance available for option
- Low battery & overheating indicating
- Powerful with light weight

Application

For wall external insulations installation

GFN3490B/GFN3490C

PRODUCT INTRODUCE

GFN3490B

Lithium battery

Metal magazine

Lithium battery

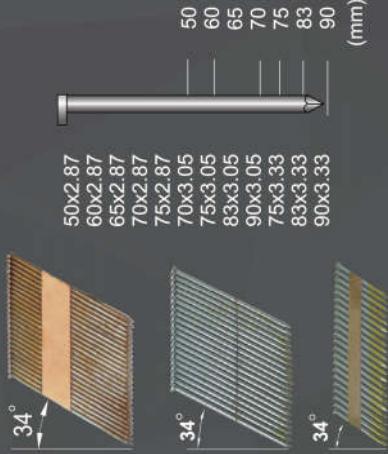

Plastic magazine

GFN3490C

PRODUCT APPLICATION

Features

- Coreless operation with more freedom
- Adjustable depth control
- Easy air filter maintenance
- Easy check valve maintenance available for option
- Low battery & overheating indicating available for option
- Anti-dry fire mechanism
- Powerful with light weight
