

AIR COMPRESSOR

CHONGQING HYBEST TOOLS GROUP CO., LTD.

Company background

Founded in 1993, Hybest is now a professional manufacturer of pneumatic nailers, compressors and generator products in China.

Facilities' condition

Hybest group owns two facilities, covers an area of 79,000 square meters (around 850,000 square feet). Currently, it has over 800 employees, more than 100 sets of general and special equipments such as CNC, NC, etc.

Hybest is also qualified as an ASME tank manufacturer. Both ASME and NON ASME tank are manufactured in house.

Equipments

- In order to make sure stable quality, we import a heat treatment furnace from Germany;
- Coordinate Measuring Machine (CMM) makes sure critical parts dimension;
- ROHS tester in house inspection keeps hazardous parts out of door from the beginning.

Production Capacity

For compressor product, the production capacity is 40,000 to 50,000 pcs with one shift.

Development Capability

With rich ODM experience, we could carry on 8 projects at the same time. A new project developing lead time is generally 6 months.

We will do our best to satisfy our clients' needs in terms of product quality, cost, delivery time and services. Meanwhile, we will continuously improve our products to meet the new demands of rapidly changing market. We aim to establish a long term relationship with all clients from every corner of the world to create a better future on mutually beneficial basis.
